April 2013 – March 2015

- Provided technical support for library computers and networked printers.
- Managed digital document processing and trained students on research databases.

Education

Bachelor of Science in Information Technology

Cebu Institute of Technology – University

January 2024 – Present

Bachelor of Science in Computer Engineering

Cebu Institute of Technology – University

March 2013 – May 2015

Certifications

Computer Systems Servicing NCII

Department of Manpower Development and Placement, Cebu

January 2019 – April 2019

2D Animation NCIII

International Institute of Technology and Management, Cebu

August 2015 – December 2015

Currently Learning

- Modern JavaScript (ES6+, async/await, DOM APIs)
- CSS preprocessing & advanced responsive design (custom media queries)
- PHP security best practices (validation, sessions)
- UI/UX design fundamentals & prototyping
- Mobile app frameworks (Flutter/React Native)

Interests

- Motorcycles: Maintenance, tuning & precision riding
- Fitness: Strength training & weightlifting programming
- Music: Guitar performance & improvisation
